March 28, 2008

Dear Baytree Resident:

The Baytree Community Development District has made a commitment to annually budget funds for paving improvements. In accordance with this commitment, the Board is pleased to announce that we will begin this year's pavement repair work along Bradwick Way (East of Baytree Dr.), Birchington Lane, Ashwell Court, and Balmoral Way (Old Tramway Drive to Andover Way) on April 8th, 2008. The contractor has estimated that this work will take approximately 5 days to complete.

In order to accomplish this work, we are asking residents to keep vehicles parked only on driveways for the duration of these repairs. In addition, the first portion of the repair is the milling of the edges of the asphalt. This process results in dust, so please take any necessary precautions to avoid possible negative impacts of this repair.

Thank you for your cooperation as we continue to improve the Baytree community. If you have any questions about this process, please contact our office at 407-841-5524 or 877-855-5251.

Sincerely,

Jason Showe, Assistant District Manager
