Login

Enter the username and password provided by the system administrator and click **Sign In**.

Note: if you did not receive a username and password, please see the **Access Code Distribution** section of this document.

Result: The following screen appears:

The screenshot displays the TEKControl Portal interface. On the left is a dark sidebar with the following elements: a red header 'TEKControl Portal', a user profile for 'Test Resident', and navigation links for 'My Visitors' and 'My Parties/Events'. At the bottom of the sidebar are 'GET IT ON Google Play' and 'Download on the App Store' buttons. The main content area is titled 'Visitor Management' and features a date range filter set to '12/26/2017' to '12/29/2017', a 'Schedule Date' dropdown, and a 'Descending' sort order dropdown. Below these is a '--Filter By--' dropdown and an empty search input field. A table with columns for 'Visitor Name', 'Company', 'Schedule Date', 'Arrival Date', and 'Departure Date' is visible below the filters.

Entering Resident Information

Update Resident Profile

To update your resident profile, click the arrow to the right of your name, and select **Edit Profile**:

Result: The following screen appears:

A screenshot of the resident profile edit form. At the top is a navigation bar with icons and labels for "Profile", "Address / Contact", "Vehicle(s)", "Out of Town", "Access Credentials", "Family", and "Pet". The "Profile" tab is selected. Below the navigation bar is a profile picture placeholder with a silhouette and a button labeled "...Select File". To the right of the placeholder are input fields for "First Name *", "Last Name *", "User Name", "Password", and "Confirm Password". Below these fields is a section titled "GENERAL INFORMATION" with a "Notes:" field. At the bottom of the form are two buttons: "Save" (green) and "Cancel" (grey).

- To update your picture, click **Select File** and upload a picture file.
- To change your profile name, enter a new first/last name.
- **Note:** You cannot change your user name. Please contact your system administrator for assistance
- To change your password, enter a new password and confirm it.
- You can enter a **Note** in the field provided.

When finished making changes, click **Save**.

Update
Addresses
Email and
Emergency
Contacts

To update your email, mailing address or emergency contact, click on the **Address/Contact** tab:

The screenshot shows a web interface for managing a user's profile. At the top, there is a navigation bar with several tabs: Profile, Address / Contact (which is selected and highlighted with a blue underline), Vehicle(s), Out of Town, Access Credentials, Family, and Pet. Below the navigation bar, the main content area is titled 'CONTACT INFORMATION'. Under this heading, there is a section for 'Email Address' with a text input field. Below that, there are three rows for phone numbers, labeled 'Primary', 'Secondary', and 'Tertiary'. Each row contains a text input field for the phone number, an 'Order:' label with a small square input field, and a 'Notify?' checkbox. Below the phone number section, there is a section titled 'ADDRESS INFORMATION' with a text input field. At the bottom of the form, there is a message that says 'No Address Configured'. At the very bottom of the form, there are two buttons: a green 'Save' button and a grey 'Cancel' button.

Use the **Order** field to designate the order in which the officer should contact the phone numbers.

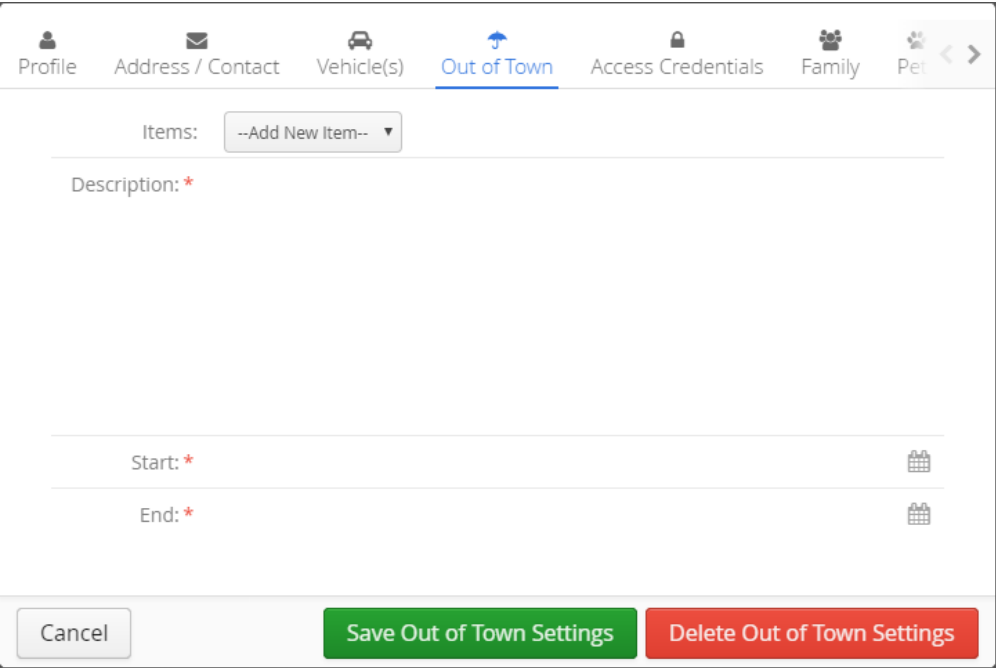

Enter up to three phone numbers. If you would like a phone number to receive notifications when a guest arrives, click the **Notify** checkbox to the right of the phone number.

When finished, click **Save**.

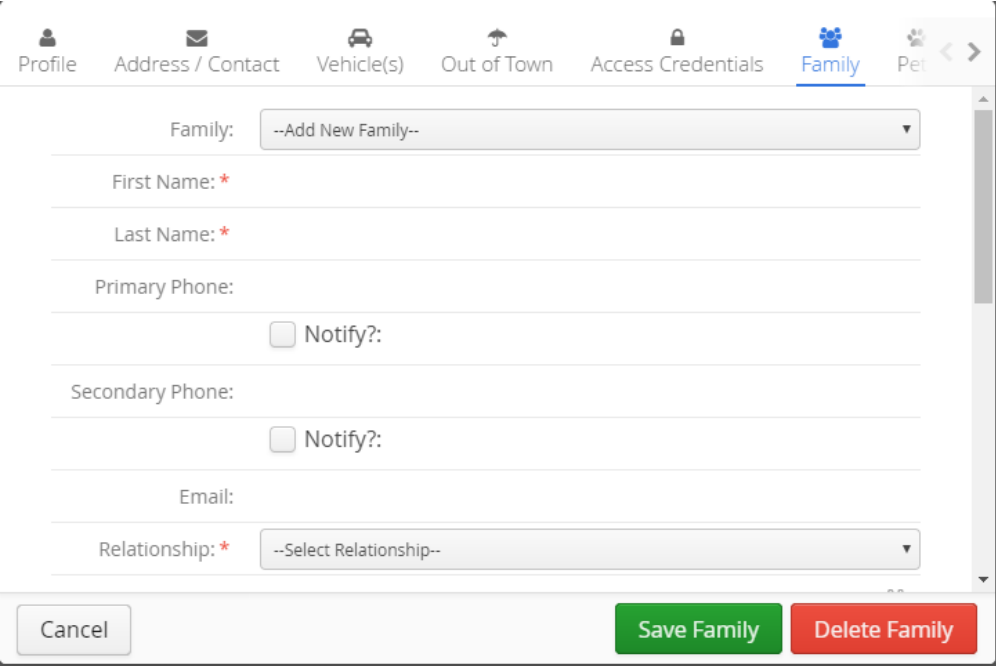

Vehicles

Currently, you must contact the System Administrator to add vehicles to your profile.

Frequently Asked Questions

TEKControl Software Specific Questions

1. Why don't I see options in some of the drop down lists?
 - Try using a browser other than Internet Explorer. Others have had success using Chrome.
2. What does the "Notify" check box do?
 - The notify options will allow for residents to receive text/email notification when their visitors are processed through the gate
3. What is a "Permanent" versus "Guest" Visitor?
 - Permanent visitors are those visitors that do not expire or purge from your guest list, Guest visitors are temporary visitors that do expire or purge from your guest list upon expiration
4. How do we enter a vendor when we don't know the name of the person coming? For example, for heating repair, we know that X company is coming, but not the name of the technician. Can we just log the company name in the system?
 - Yes, you can just enter the company name into the system. If First and Last name are required you can just enter a period for each of those fields.
